

Dearest Parents and Students,

Here is a list of websites from the Art Room you may find interesting to view over the summer. Please know these websites have been approved by your Art Teacher, it is always important to locate and begin view websites together! There are kid-friendly games students will enjoy playing or using on their own, but parents like art games, too!

There are some general sites that not only get you connected to artists, but also have wonderful, educational information. Other sites are strictly for art making, and others have wonderful images and ideas.

I recommend taking your journal to the computer each time you visit a website. Write down what the website is and what you were able to do. You may also sketch out things you see or learn to draw. Most of all have a wonderful summer and don't forget to use your artistic mind to play and create!

Best Wishes,

Mrs. Savini-Kroger

<http://www.mrpcassohead.com/create.html> (picasso portrait builder)

<http://www.draw3d.com/schoolofimagination/school.html> (interactive drawing lessons- Mark Kistler is famous for his 3-D drawing instruction)

<http://www.haringkids.com/> (Keith Haring site that is just for kids with games)

<http://www.nga.gov/kids/> (This is one of my favorites! Some of the games require new computer programs. If you cannot access the games, the website is beautiful!)

<http://www.crayola.com/> (Just fun to browse and use with kids!)

<http://www.enchantedlearning.com/crafts/> (not as art center, but craft centered)

<http://www.moma.org/learn/activities/> (use together at first until you select the best place to visit while using this site. It is the Modern Museum of Art site- an excellent resource!)

Enjoy and have a Blessed Summer! As always, feel free to email me at home with questions for comments: ssavini@yahoo.com
(That is the only email I check over summer!) Fun quotes for artists.....
